Storage is off-site; contact the Utah State Archives to order.

DESCRIPTION: This series contains letters, reports and other correspondence conducted by the so-called Committee of Nine, formed as a joint legislative committee to review the efficiency of state and local government, and public utilities. The organization of such a committee was set forth by a statute in March 1933 (*Laws of Utah* 1933, Chapter 86). Section 4 states that the committee shall have "power to visit and inquire into the offices and departments of all political subdivisions of the state." Similar wording appears in subsequent laws concerning the committee in August 1933 and 1935.

ARRANGEMENT: Correspondence is arranged within original categories of Administrative, State Departments, General Topics, Personnel and Miscellaneous and thereunder alphabetical by department or subject. To preserve context, original folder titles and basic order were retained.

RELATED RECORDS: Data were collected and compiled into STUDY RECORDS, Series 3175 and then used in published REPORTS, Series 3181. Discussions at committee meetings are contained within MINUTES AND PROCEEDINGS, Series 19600.

PROCESSING NOTE: This series was processed by Gina Strack, December 2002.

PREFERRED CITATION: Cite the Utah State Archives and Records Service, the creating agency name, the series title, and the series number.
